JAGGAER Optimization Assessment

Brad Micciche / Donna Yeaw

Q2 2025

Indirect Procurement Advisory

Role Overview

Responsibilities

- Focused on Public Sector
- Customer Advocate
- Create/Track KPIs
- Drive Platform Adoption
- Work with CSM, AM, and Managed Services

Value chain & the Customer Operations teams

Value Chain Creation

Value implemented | Value measured/proved | Value protected | Value supported | Value enhanced

Implementation | **Run**

Professional Services

- Manage, execute the solutions implementation
- Implement medium & complex change requests
- Implement Statement of Work

Customer Success Management

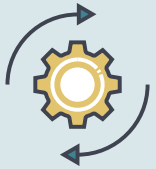
- Measure adoption & promote the solutions
- Develop Success Plan
- Prove the Value
- Stephen Kovacs

Global Customer Care

- Single point of entry for support
- Request via Phone or JAGGAER Customer Portal

Support Account Manager

- Support escalation point
- Support metrics analysis
- Support recommendations



Managed Services

- Keep platform up to date
- Perform repetitive tasks outside of scope of GCC, CSM and PS
- Request via Basecamp

Account Manager: Commercial and contractual responsibility - Beth Nathison

JAGGAER Operations

Updates and Reminders

Global Customer Care (GCC)

- **Supplier Support Live Agent Chat**
  - Connected to a JAGGAER Global Customer Care (GCC) support agent
  - Activated: November 2024
  - 24x5 availability
  - Multilingual via AI Translation Tool
  - The key benefit to Live Agent Chat is that since these cases are real time, they are resolved 86% of the time within 1 day
  - 25% of Supplier support cases are now handled by Live Agent Chat
  - 86% of Supplier Live Agent chats are resolved within 1 day

Customer Administrator Self Service

- **Engage**
  - Customer user community where every idea is considered and listened to
  - 12% of product development capacity allocated to Engage sourced features
  - # of Engage Ideas Released: 2023 = 174 / 2024 = 210
  - https://jaggaer.my.site.com/s/login/
- **JAGGAER University**
  - Where to learn & train about our products
  - https://www.jaggaer.com/training/
- **JAGGAER Product Release Library**
  - Where to find helpful information about our last releases
  - Key docs: Release Schedule, Release Webinars, Cloud Report
  - https://library.jaggaer.com/

JAGGAER One

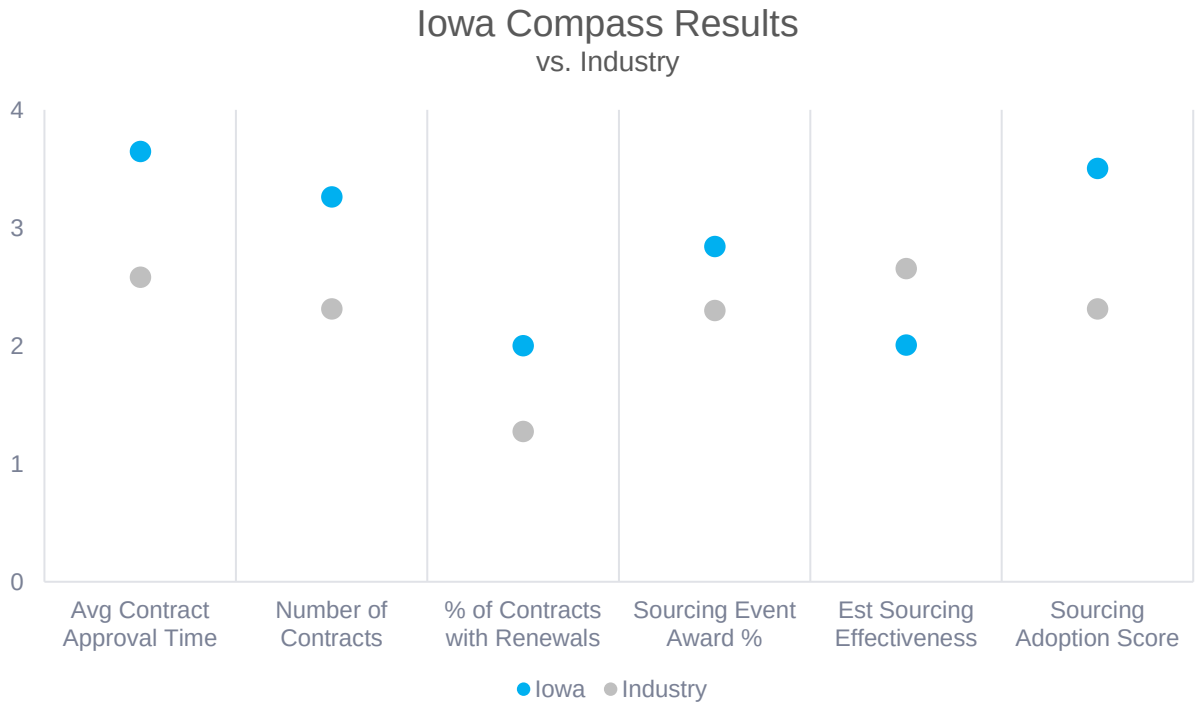
An intelligent source-to-pay and supplier collaboration platform for both indirect and direct materials procurement

State of Iowa Subscription

Operational Performance Overview – Upstream

Period

March 2024 – Feb 2025



Key Performance Indicators

KPI	Compass Status
Avg Contract Approval Time	High
Number of Contracts	High
% of Contract with Renewals	Average
Sourcing Event Award %	Average
Est. Sourcing Effectiveness	Average
Sourcing Adoption Score	High

Observations

- Avg Contract Approval Time is 4.9 days. Best in Class is approved in 3 days.
- # of Contracts is 1,893. Best in Class is 3,450 contracts.
- % of Contract with Renewals is 6.20%. High performers are 19.7%.
- Sourcing Event Award % is 47.8%. High performers are 52%.
- Est. Sourcing Effectiveness is .8x. High performers are 6.3x.
- Sourcing Adoption Score is High.

Statistic Validation

Analytic tools use facts gathered during the onboarding

Stats:

Operating Budget

- $34,523,383,376.00

Addressable Spend

- $8,976,079,675.42
  - Please validate addressable spend
  - Addressable Spend is typically 40- 50% of Operating Budget

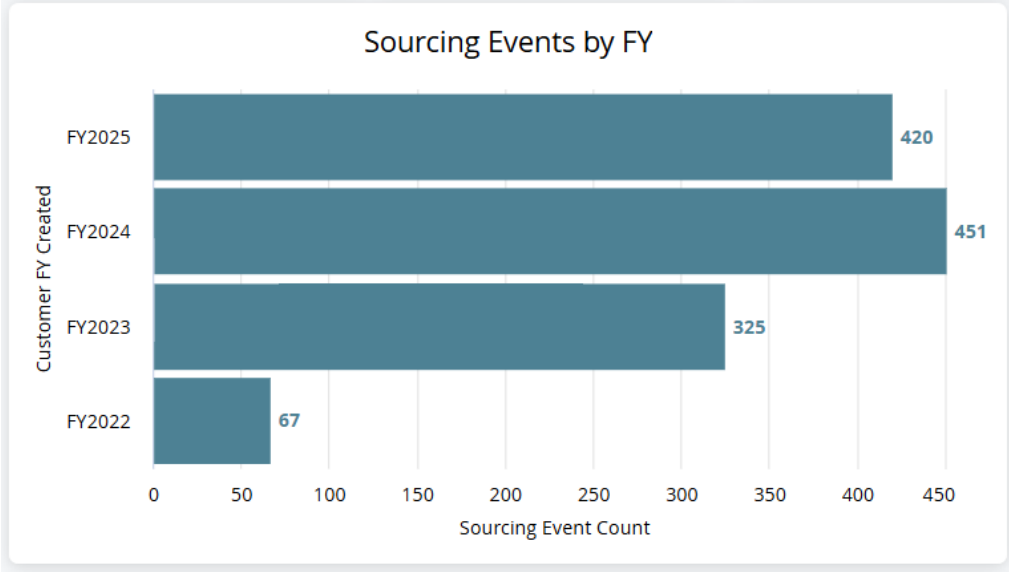
Upstream – Vendor Management

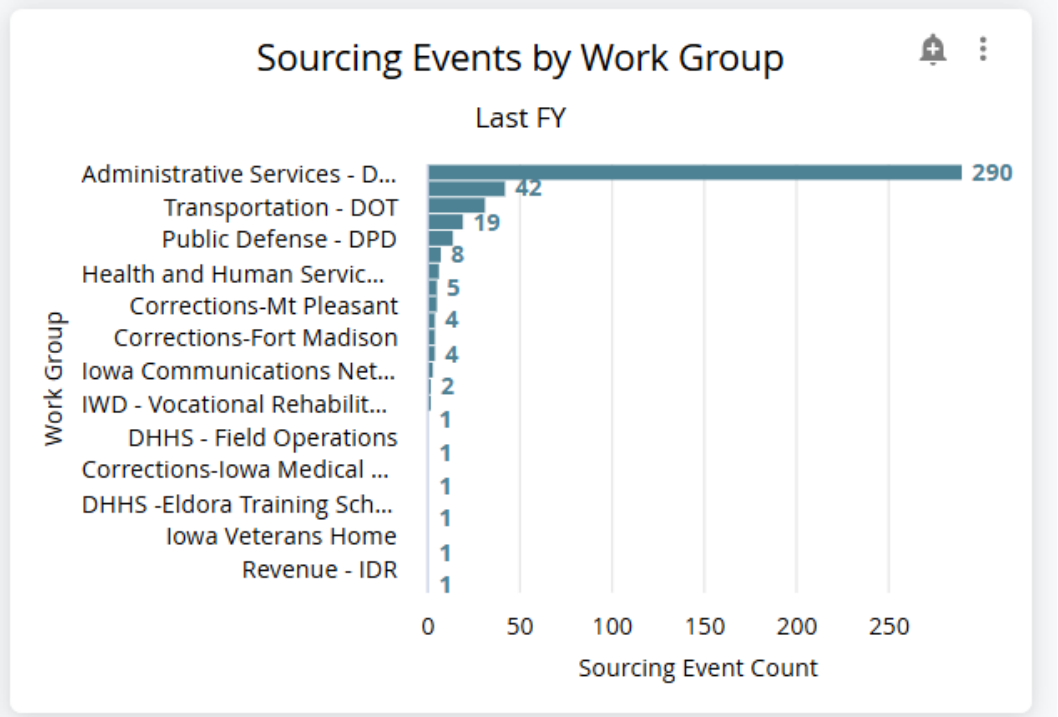
Low Effort

- Metrics:
  - 3,508 (50%) are pending registrations, many from 2021
  - 2,095 (30%) completed registration process
  - 9,351 total vendors
  - 2,221 are enabled for eProcurement – does this still make sense if Shopping re-enabled?
- Low management of Insurance Certificates
- MWBE Status under current administrative conditions
  - Collect & managed MWBE Certificates
- Enhancement Consideration: TIN Match and Visual Compliance

Upstream – Solicitations

Low Effort



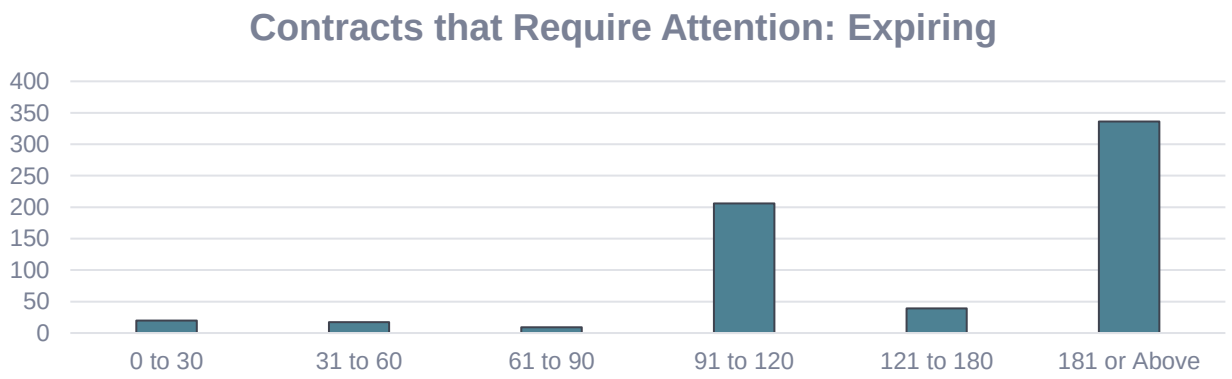


Enhancement Consideration: Add Historical pricing

Upstream – Contracts

Low Effort

- 1,576 Contracts with a Total Contract Value 7.65 million
- Contracts ending within a specified date range that are not setup to auto-renew and do not have any renewals



- Questions on Templates and linking to solicitations

- Next Step: Leverage Managed Services for deeper discussions

Downstream

Overview

- Foundations are present = Roles, Workflow, Supplier catalogs
- Number of Requisitions
  - 2023 – 79
  - Jan 2024 - 3
- Number of Purchase Orders
  - 2023 - 71
  - Jan 2024 - 5

- Next Step: Open discussion on how to reengage Shopping, Requisitions, Purchase Orders, and Invoicing and Mobile application

Downstream – Users & Roles

Overview

- 15 Roles
  - Roles Analysis in separate excel
- 930 Users
  - 745 have never logged in
  - 102 logged in this year, 2025
  - 67 logged in 2024

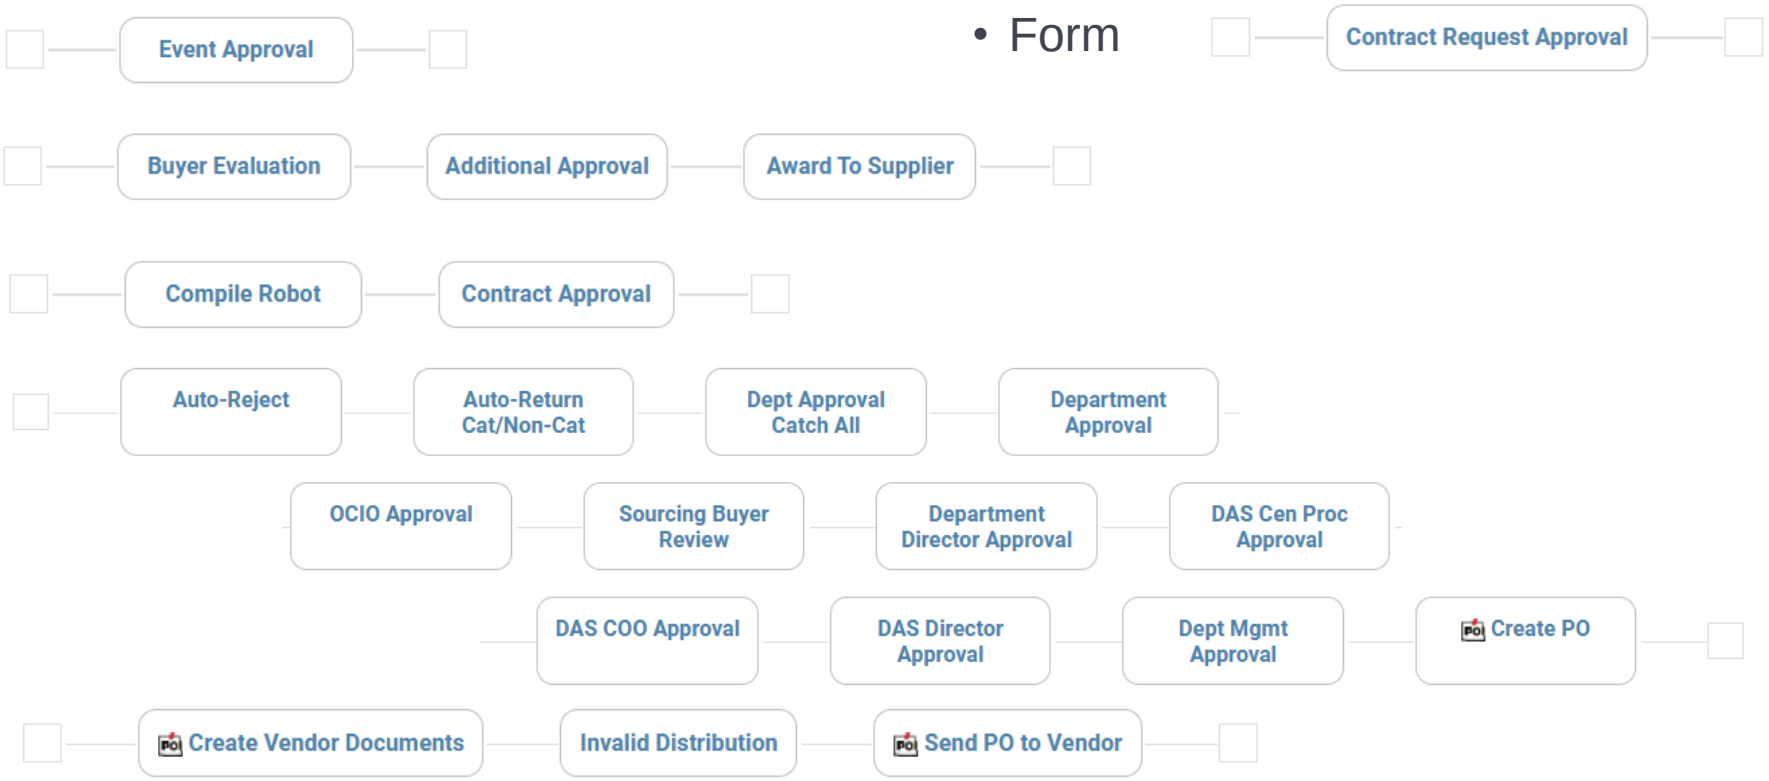
- Next Step: Leverage Managed Services for deeper discussions

General Public User
- User (Default Role)
  - Admin
    - System Administrator
  - Approver
  - *Buyer (inactive)*
    - 401 DHHS - Issuing Officer
    - 645 DOT - Issuing Officer
    - Agency Administrator
    - Agency Buyer
    - Central Procurement Buyer
    - Contract Compliance
  - *End User (inactive)*
    - Requester
    - Shopper
  - *Public User (inactive)*
  - School User
    - *Agency Admin (inactive)*
    - Polisub Buyer
    - *Procurement (inactive)*

Downstream – Workflow

Overview

- Solicitation Approvals
- Solicitation Evaluation
- Contract
- Requisition
- Purchase Order



- Form

- Next Step: Leverage Managed Services for deeper discussions

Downstream – Catalog Suppliers

Overview

- Great foundation of suppliers for Shopping
- Consider adding Hosted or Level 2 for a true "Shopping" experience
- 17 Completed Punch-out catalogs

Supplier ID	Supplier Name
126526	Amazon.com
4070849	B & H Foto & Electronics Corp.
4059764	CDW Government LLC.

JAGGAER's Upstream AI

New AI Functionality

Release	Description	Impact
24.1 – Early Adaptors	Contracts+ Summarization Capabilities	Generative AI expedites contract summarization, accelerating contract approval processes.
24.1 – Early Adaptors	Contracts+ Alternative Clauses Proposal & Risk Analysis Capabilities	Generative AI to propose alternative clauses or unveil potential risks, accelerating contract authoring.
25.1	Contracts +, Contracts AI – Chat with your Contract	Translates complex legal jargon into plain language, providing instant answers to your specific contract questions. Empowering users to confidently understand contract terms and obligations, saving time and resources while minimizing the risk of costly misunderstandings. Dynamic question suggestions and support for draft contracts enables users to easily extract valuable insights and expedite contract negotiation.
25.1	Contracts +, Contracts AI - Contract Metadata Extraction	Users can extract data from a contract attachment and use it to populate the Contract Request Form. This will speed up the process of creating a new contract.
25.1 – Early Adaptors	Supplier 360 Summary	With Gen AI, we aim to empower customers to generate comprehensive supplier summaries, enabling faster insight extraction and risk identification

Invoice Automation

Reduce repetitive tasks & accelerate contract procurement

AppZen

- Up to 50% of invoice still come in Manually
- Proprietary AI models perform accurate data extraction - No format requirements or templates needed
- Works seamlessly with both PO backed & Non-PO backed invoices
- AI models provide flexible customizations - including unique custom fields
- Multiple language support
- Flexible invoice format

JAGGAER Pay

- Automates the end-to-end AP process
- Manages 100% of global B2B payments
- Easily and securely manages supplier payments
- Mitigates risks and implements systematic controls
- Automates reconciliation and accounting entries

Reduce Repetitive Task

Managed Services Overview

Administrative Management

Delegate the repetitive, time-consuming low-level tasks and keep your platform current and in sync with internal changes.

Supplier Management

Keep the supplier information up-to-date and leverage live information into your supplier strategy to assure reliability and compliance.

Reporting

Analyze, recommend and execute more strategically with actionable insights, smart recommendations and automated actions powered by over 25 years of experience.

Sourcing Best Practices Center

Turnkey solutions that provide optimized and compliant sourcing events with little to no resource investment on your end.

AI Optimization

Achieve higher accuracy and capture rates by training AI on your specific data to optimize your system.

System Administration

Low Effort: Structured Release Management Review

JAGGAER has improved the communication and support available around release updates

- 3 Major releases a year
- 1 month trial in UIT before pushing to PROD
- Detailed release notes and public webinar
- CSM education and knowledge share with customers

Leading Practice for new releases

- Create owner of release management adoption (usually system admin)
- Present applicable updates to business leads
- Attend (new) webinar for new features – ask relevant questions
- Once in test, Turn on features & create deployment timeline and testing of new features based on UIT/Prod availability

Release Events	March 2025 25.1 Release	July 2025 25.2 Release	November 2025 25.3 Release
Promotion in Test Environment	Friday, February 14, 8 am ET *through* Sunday, February 16, 12 pm ET	Friday, June 13, 8 am ET *through* Sunday, June 15, 12 pm ET	Friday, October 17, 8 am ET *through* Sunday, October 19, 12 pm ET
Available in Test Environment	Monday, February 17, 2025	Monday, June 16, 2025	Monday, October 20, 2025
Recommended end date of testing to allow for fixes	Friday, February 28, 2025	Friday, June 27, 2025	Friday, October 31, 2025
Promotion in Production environment	Friday, March 14, 9 pm ET *through* Sunday, March 16, 12 pm ET	Friday, July 11, 9 pm ET *through* Sunday, July 13, 12 pm ET	Friday, November 14, 9 pm ET *through* Sunday, November 16, 12 pm ET
Available in Production environment	Monday, March 17, 2025	Monday, July 14, 2025	Monday, November 17, 2025

US UIT: *(Completed outside normal maintenance window)*
Start: Wednesday, April 9 @ 19:00 EDT (7:00 pm EDT)
End: Friday, April 11 @ 19:00 EDT (7:00 pm EDT)

US Production: *(Memorial Day Weekend)*
Start: Friday, May 23 @ 19:00 EDT (7:00 pm EDT)
End: Monday, May 26 @ 23:00 EDT (11:00 pm EDT)

Recommendation Roadmap

Summary of Recommendations

Module	Recommendation	Level of Effort	Next Steps
All	Tailored Training	Medium	Leverage Managed Services
Solicitations	Add Historical pricing	Low	Leverage Managed Services
Contracts	Templates and Ties to Awards	Low	Leverage Managed Services
eProcurement	Training on Workflow	Medium	Leverage Managed Services
eProcurement	Relaunch	High	Partner with JAGGAER
eProcurement	Suppliers for Shopping	Medium	Leverage Managed Services
Invoice	Relaunch	High	Partner with JAGGAER
Invoice	Automate and reduce repetitive tasks & accelerate contract procurement	Medium	AppZen, JAGGAER Pay
System Administration	Structured Release Management Review	Low	Leverage Managed Services
